PRINCIPAL'S MESSAGE

Groundbreaking for AIS Campus @ Nusantara IKN

I was joined by a number of AIS staff and Board members on Wednesday for the Groundbreaking Ceremony for the AIS Nusantara IKN Campus. I was very proud to be a part of the traveling team that included not only Board members, senior leaders and expat teachers, but also members of our administrative team and support staff, many of whom have been members of the AIS staff for more than 20 years.

The Team from AIS were joined for the ground breaking ceremony by the **President of the Republic of Indonesia, Joko Widodo**, attending ministers, members of the IKN Authority and other invited guests and dignitaries. I spoke about AIS commitment to becoming a part of Indonesia's dynamic new capital and its ambitious plan for the Golden Generation 2045. AIS's master development project will include a new AIS campus, vocational and special education centres plus an Australian university. AIS is firmly committed to supporting the Indonesian government's initiative to relocate the nation's capital to IKN Nusantara.

Further details and photos of the special occasion will be shared shortly

Wendy Binks - Visiting Author & Artist

Term 3 Overview

As with every term since I've arrived at AIS, we have had a very busy term. As always our major focus is providing high quality teaching and learning experiences for all of our students. Our staff work consistently to ensure their planning is differentiated to challenge all of our students. I hope that all parents had the opportunity to participate in rich conversations about their children's learning with their children and their teachers at this week's Three Way Conferences.

Our CIS Evaluation Visit which took place in early August saw the culmination of over 2 years of preparation and self study. We are expecting our report very soon which we will share with the school community. John Milliss, the Principal of AIS Jakarta and I will use the report to guide the development of the AIS 2025 - 2029 Strategic Plan.

Other highlights from this term were our Year 5 & 6 DRama Show, Primary School Camps, numerous JAAC sporting fixtures, Year 11 Market Day, Indonesian National Day Celebrations, Year 12 Mock Exams, Visiting author & artist Wendy Binks and the week's athletics carnivals.

A big thank you as always to our wonderful students, teachers, support and admin staff and parents for your contributions to what was a very successful term. I hope that you all enjoy the school holidays whether you are traveling or staying in Jakarta and I look forward to seeing you all again on Monday 14th October.

Term 4 Week 1

All students will return to school on Monday 14th October as there will be no Teacher Planning Day at the start of the term.

Upcoming Dates

Monday 30th September to Friday 11th October	School Holidays
Monday 14th October	First Day of Term 4 for all students. <i>Please note there is no Teacher Planning Day at the beginning of Term 4</i>
Friday 18th October	8:00am PS Assembly 8:45am PnF Welcome Back Morning Tea
Saturday 19th October	8:00amHS Jnr. Basketball B vs GJS @ AIS

Monday 21st October to Friday 8th November	IB Diploma Programme Exams
Monday 21st - Friday 25th October	PS Book Week
Thursday 24th October	9:10am HS Assembly
Friday 25th October	8:00am PS Assembly PnF Indonesian Cooking Workshop
Saturday 26th October	HS Snr. VB Finals & Jnr. BB Finals @ TBD Pejaten Touch Rugby Competition

PRIMARY SCHOOL NEWS

A Fantastic Finish to a Stellar Term at AIS

As we wrap up this busy final week of term, we have plenty to celebrate and look forward to when we return. This week, our students displayed tremendous spirit and athleticism at the Athletics Carnival on Wednesday. A big thank you to Mr. Patrick for organising such a successful event that brought out the best in our competitors.

Year 1 ventured out to the Mangroves in North Jakarta, an excursion that provided them with a hands-on learning experience about our natural ecosystems. Meanwhile, our Year 6 students impressed us all with their insightful presentations in HASS, exploring the intriguing concept of founding a new country.

The term ended on a high note with Year 6 leading a thought-provoking assembly on staying safe around school, reminding us of the importance of mindfulness and caution in our daily routines.

Adding to the excitement, I was honoured to join Dr. Beth and Mr. Craig at the groundbreaking ceremony for our new campus in the country's new capital. This momentous occasion marks the beginning of a thrilling new chapter for AIS, and we are eager to see the opportunities this expansion will bring.

Looking ahead to next term, get ready for Book Week in Week 2, an event that promises to celebrate reading and literature in exciting new ways across the school.

As we head into the holiday, we wish everyone a restful and enjoyable break. Stay safe, and we look forward to welcoming you back on campus on Monday, October 14th, ready to embark on another fantastic term.

Ms. Sinead Smith
Primary Coordinator

Year 3 Maths

Students have been working in Maths this week on 3D objects. They first reviewed the names and properties of 2D shapes before learning some new objects, such as prisms, pyramids and spheres. The students used straws and modelling clay to create a cube and then worked with the teacher to co-construct a procedure writing of how to make a cube. This then helped them be more independent when they went on to create other models of prisms and pyramids. They wrote procedures for the models they created and instructed their friends in other groups on how to make them.

HIGH SCHOOL NEWS

Welcome to High School News

We are ending this term in the High School as we began it - full of events, enthusiasm and energy!

Thank you to all parents who were able to attend, either in person or online, our Three Way Conferences. It was good to see so many of you, with the students, here to find out more about the progress of the students over the last two terms. It was also good to see so many of the students taking an active part in the discussions. It is really important that they are engaged in the process of feedback as they need to be the ones making any changes necessary for improvements, they also need to be engaged to celebrate all of the things that have gone well this year so far.

I missed out on attending Athletics Carnival this year as I went to Nusantara for the groundbreaking ceremony for our AIS school there, but I have heard that it was a great day, marred only by the weather. Congratulations to Garuda and commiserations to Komodo.

I was incredibly lucky to be invited to attend the groundbreaking ceremony in Nusantara this week. It was a great honour to meet the President and to visit IKN. You may have seen some of the photos online, we are looking forward to sharing more about our visit in the coming weeks.

In Science assembly this week we heard from the Year 11 students about their Collaborative Science Projects. They have chosen some interesting areas to research and experiment and have learned a lot about Science and about the joys and tribulations of collaborative working.

Finally we will be ending this week with our final assembly, reviewing the highlights of the term and awarding effort certificates. Congratulations to all the students who have received acknowledgement for their efforts!

I hope that you and your families have a well-deserved break this holiday, getting the chance to relax and recharge your batteries before Term 4. I will be thinking of all of our Year 12 students who will be using the holiday to revise for their IB and SB exams - good luck!

Dr Beth Ashfield
Deputy Principal and Head of High School

AIS Volleyball Matched at BSJ

The volleyball girls' and boys' teams played at the British School Jakarta last Saturday, September 21st, 2024. The girls' volleyball team, including Nicole, Annisa, Ea, Bluebelle, Ayane, and Nayla, won their first match against the BSJ girls' volleyball team. They triumphed in two sets, 25-18 and 25-22. The AIS girls' volleyball team overcame nervousness, pressure, and tension while playing at AIS home.

On the other hand, the AIS boys' volleyball team (Razhan, Kevin, Iman, Shah, Noah, Darwisy and Jaehoon) gave their best effort against the BSJ boys' volleyball team in two sets (25-15, 25-21). In the first set, they worked on building chemistry between the players. They fought hard and managed to catch up with the score, but could not overcome their opponents.

We wish both teams continued success in the upcoming season and look forward to cheering them on in future matches.

Ms. Dwi

Netball Players Needed

Parents and Caregivers of AIS students- If you know how to play netball and are willing and able to play on Fridays after school in Term 4, please contact Ms. Jane: jane.stevenson@ais-indonesia.com

Our AISA team would really love the opportunity for some game practice!

Ms. Jane

LS Shopping at Hypermart

The students in SRLC (Shona Robertson Learning Center) had learned to plan to make their favorite meal. They started by searching for the recipe online and transforming it into a shopping list of ingredients and equipment needed. Students also practiced working on IDR money to find the total purchase, choosing notes to pay at the cashier, and expecting changes. They matched the estimated prices on the shopping list with the actual prices on the supermarket shelves. Some students worked on all outcomes and others worked based on their pace. When they finished getting all the items needed, we spent time sitting at the cafe and calculated the total shopping cost.

The next day, during last week, students take turn to cook the meal in the school kitchen. Each student followed the recipe and with the help of the teacher and learning support assistance, they conducted the cooking lesson for favorite meals. This is an initial cooking activity that students will repeat it next term. We are aiming to see each student is able to prepare his/her own meal after several times of repetition at school. At this first and the only one cooking lesson this term, students seemed enjoyed and engaged well to the activity.

Ms. Atiek

Year 12 Music Recitals

In week 9 our Year 12 music students did recitals for staff and students.

Here are comments from each performer about their music.....

*"I played four songs, "Energy Flow", "The Flight Of The Bumblebee", "Take The A Train", and "Jonetsu Tairiku". As that was the final performance, I tried to enjoy it as much as possible! Thank you so much to the students and staff for listening. **Miyu Tanaka**"*

"For the Year 12 music performance, I performed Für Elise, Summer, and River Flows in You after introducing each piece before playing it. And seamlessly connected the transitions between the songs, creating a performance that highlighted each composition's emotions. **Seohyeon Park.**"

"The recital went well, even with some adjustments along the way. I hope to keep improving on what I have learned with future practice. **William Greene**"

"I played the songs in medley using the electric guitar. I enjoyed playing my electric guitar for the three songs. I like the audience too, I feel appreciated performing in front of the audience especially with Mr Craig and Dr. Beth to watch me perform my electric guitar. **Neil Saputra**".

Mr. Brent
