

AIS SCHOOL VISION

For our students to become confident, capable and socially aware global citizens who contribute meaningfully to the communities in which they choose to live and work.

Principal's Highlights

A shortened week once again, yet we saw a great deal of learning happening in varying forms and formats. The High School have had a preparatory week for assessments next week. Remember the **'5Ps'** **P**roper **P**reparation **P**revents **P**oor **P**erformance. Parents are encouraged to support their child(ren) this weekend as they finalise their preparations. Primary School had a special visit from New Zealand International School swimming athletes and we were able to share expertise in a friendly manner. With some excursions and a Bake Sale to raise money for our PAWS programme, its been a smaller, yet busy week.

Special Announcement - Under 16 Banned Sites Update

As many parents will be aware the Indonesian government has recently taken steps to introduce a banned list of sites for students under the age of 16. This falls in line with many other countries that have followed Australia's legislation in this area. We wanted to assure you that here on campus we are compliant with the new Indonesian government's banned list (Ministerial Regulation No. 9 of 2026) relating to social media under the age of 16. This includes - TikTok, Facebook, Instagram, Threads, X (formerly Twitter) and Roblox. YouTube is also on this list and as of Week 7 it will not be accessible on campus for students. Any queries, please direct them to my email - dean.cummins@ais-indonesia.com.

Parent Colleges Upcoming.....

Indonesian High School Parents Group – Better Together!

I'd like to extend my support to our fantastic Indonesian High School Parents Group. They are looking to connect with all our Indonesian parents to support and share the journey of parenting together. If you are interested please reach out to Fenny or Kiki via WhatsApp QR code below.

A note from the Science Department

Over the next few weeks some of our students will be undertaking a range of activities that will require them to have some additional resources. Instead of disposing of the following, please send them into school (clean) so that we can make good use of them?

- Plastic bottles, containers and bottle tops
- Larger pieces of cardboard / boxes
- The rolls inside toilet roll and kitchen roll
- Aluminium cans
- Aluminium foil

- Egg cartons

There will be a box outside the Science Prep Room for any of these items to be deposited.

Thank you in advance for your help on this!!
