

AIS SCHOOL VISION

For our students to become confident, capable and socially aware global citizens who contribute meaningfully to the communities in which they choose to live and work.

Jakarta Bytes, 12th June 2026

Principal's Highlights

It's been a great week of learning in both our Primary and High Schools this week with many students out in our community. Year 3-4 and 5-6 were part of our camps programme experiencing different and exciting things off campus. Our Year 11 Business students visited Hyundai, one of the world's leading vehicle brands seeing what amazing and innovative things they are doing was great. Finishing the week with our High School then Early Years & Foundation Swimming Carnival and Year 2 Sleppove. It was great to see our House spirit and pride in our own individual and team sports. Well done overall for a big Week 9.

Special times over the coming weeks – please note our calendar events this coming few weeks to the term break. Particularly our last day with at **12.30pm early leave.**

International Day 2026

Last Friday was one of those special days on our school calendar, the AIS Jakarta International Day. If was, of course, my first and I must say I was so very pleased by everyone's contribution and participation. Be that in our performances and stalls or just coming along to enjoy, it was a great afternoon.

These days are what make our school learning community so special to be a part of. Can't wait for next year!!
